

INFORMATIONAL BODY MEETING

# HISPANIC HEALTH PROFESSIONS ORGANIZATION

*September 11, 2018  
RSC 2.104, 6:45 pm*

# Our History

FOUNDED IN 1972

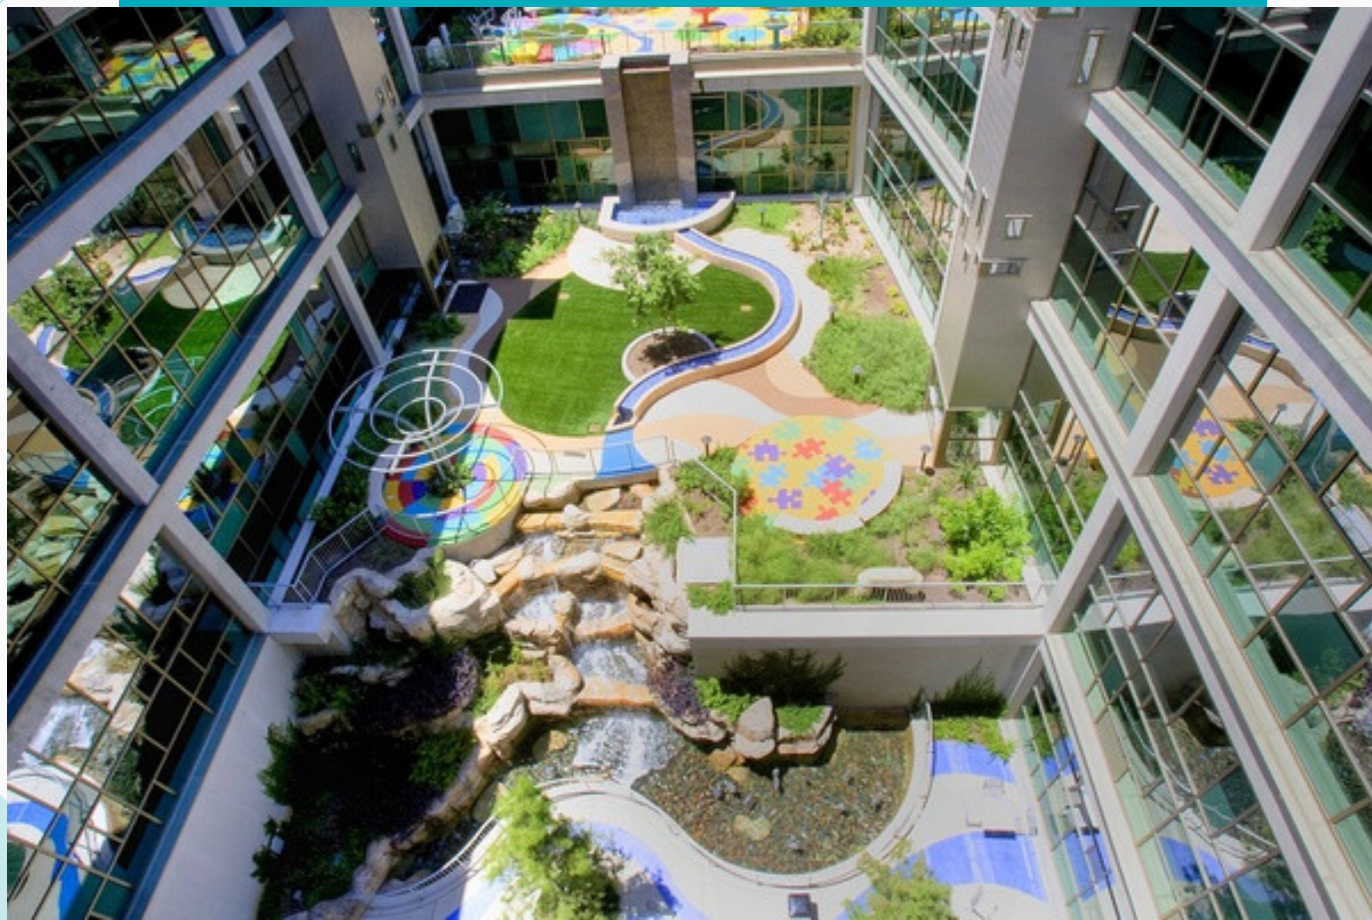

The Hispanic Health Professions Organization was established at The University of Texas at Austin as the National Chicano Health Organization. Their Mission was to provide cultural fellowship for health, Pre-med, and pre-dental students.

Years later, they changed our name to Mexican American Health Organization.

# Who We Are Now

Throughout the years, HHPO evolved to an organization that acts as a stepping stone for students interested in pre-health professions.

HHPO is one of the largest organizations in the College of Natural Sciences.

# Our Mission

Our Purpose is to provide pre- health profession students with academic resources, opportunities in clinical settings and peer support.

Furthermore, HHPO strives to promote cultural fellowship as well as impact Hispanic health through service and education in underrepresented communities.
